

Flight Planning and Preparation

2.4 Flight Planning and Preparation

2.4.1 Flight Plan

2.4.1.1 General

A flight plan shall be submitted prior to operating:

- any flight or portion thereof to be provided with ATC service;
- VFR flights in the period between SS+30 and SR-30 (see section 2.8 Regulations for VFR Flights at Night);
- international VFR flights (see section below);
- any flight within ADIZ (see section 2.1 Regulations).

When submission of a FPL is required, an aircraft operated in accordance with a FPL shall maintain continuous air-ground voice communication watch on the appropriate communication channel and report its position to FIS as necessary.

2.4.1.2 Submission of Flight Plans

A flight plan shall be:

- submitted before departure to an ATS Reporting Office, or
- transmitted during flight to the appropriate ATS unit or air-ground radio station.

During domestic VFR flights it is allowed to file shortened flight plans. A shortened flight plan filed in the air shall contain:

- a. call sign;
- b. type of aircraft (number of aircraft if necessary);
- c. wake turbulence category – only if H;
- d. route;
- e. departure/arrival aerodrome;
- f. position and time;
 - present position (town, aerodrome, navigation aid or bearing and distance);
 - estimated time over one of the points mentioned above or estimated time over point of entry into controlled airspace;
- g. height/altitude/flight level (if required);
- h. other information – on ATS unit's request.

2.4.1.3 VFR Flights in Controlled Airspace

FPL shall be submitted at least:

- 60 MIN before EOBT.
- If the flight plan is air-filed (AFIL), it shall be filed in time enabling its receipt by the appropriate ATS unit at least 10 MIN before the estimated arrival:
 - at the intended point of entry into controlled airspace, or
 - at a point of crossing an ATS route.

2.4.1.4 VFR Flights in Uncontrolled Airspace

Before any VFR flight within uncontrolled airspace, for which FIS and alerting services are to be provided, a flight plan shall be submitted to an ARO or to the appropriate FIS unit.

For flights carried out to/from an AD where ATS is not provided, the pilot-in-command must additionally – apart from filing FPL – notify FIS on the planned take-off/landing time, so that alerting service can be provided.

If the pilot-in-command fails to send an arrival notification, the alerting service will still be provided. In such a case the pilot-in-command will pay the expenses of search and rescue action.

FPL shall be filed not later than:

- 30 MIN before TKOF;
- 60 MIN before EOBT in case of intended FIR Warszawa boundary crossing;
- 60 MIN before departure in case of a flight with planned entrance in controlled airspace.

The crew is obliged to make sure that the flight plan has not been rejected in all cases mentioned above.

2.4.1.5 International VFR Flights

In addition to the regulations for VFR flights:

- a. FPL is required with:
 - point of crossing the FIR Warszawa boundary, defined as a REP or by geographical coordinates;
 - estimated elapsed time to the FIR Warszawa boundary.
- b. FPL is not required for Schengen flights carried out in uncontrolled airspace under VFR when the Polish borders with the following countries are crossed: Czech Republic, Germany.

NOTE: The estimated elapsed time (EET) of boundary crossing given in the filed flight plan must not differ from the real crossing time by more than 10 MIN.

Aerodromes with Customs Clearance

3.3 Aerodromes with Customs Clearance

3.3.1 Airports and Aerodromes with regular Customs Clearance

NOTE: For details see section 3.5.

- BYDGOSZCZ (Szwedowo)
- GDAŃSK (Lech Walesa)
- KATOWICE (Pyrzowice)
- KRAKÓW (Balice)
- ŁÓDŹ (Lublinek)
- LUBLIN
- POZNAN (Ławica)
- RZESZÓW (Jasionka)
- SZCZECIN (Goleniów)
- WARSZAWA (Chopin)
- WARSZAWA (Modlin)
- WROCLAW (Strachowice)
- ZIELONA GÓRA (Babimost)

3.3.2 Other Aerodromes with Customs Clearance

NOTE: For details see section 3.5

3.3.2.1 Schengen countries

Direct arrivals and departures of international flights from/to a Schengen country are permitted at domestic aerodromes.

3.3.2.2 Non-Schengen countries

Aerodromes which are available for flights from/to a Non-Schengen country:

- JELENIA GÓRA
- KIELCE (Masłów)
- LUBIN
- MAZURY
- MIELEC
- WARSZAWA (Babice)
- ZIELONA GÓRA (Przylep)
